**Re: 2012 Town of West Seneca Energy Project
Acceptance of Proposal**

Honorable Board Members,

We have reviewed the energy proposals received from the J.W. Danforth Company and Gerster-Trane. In addition a committee consisting of Matt English, Shawn Martin, Supervisor Meegan, Rick Henry and myself conducted interviews with both firms. Based on the review and interviews, we recommend that the Town accept the proposal from the J.W. Danforth Company and have them conduct the next phase of investigation which is a complete energy audit. This will allow Danforth to make recommendations to the Town on a specific program with guaranteed energy savings.

If the Town moves forward with an energy project, the cost for the cost for the energy audit would be absorbed by the future project.

Very truly yours,

Steven R. Tanner, P.E.
Town Engineer
