RE: West Seneca Soccer Club, Construction of a Storage Building

December 17, 2012

The West Seneca Soccer Club has been utilizing a portable storage facility at the West Seneca Soccer Park for the past several years. It is the desire of the Soccer Club to replace this unsightly, unsecure storage facility with a permanent, secure structure.

Please authorize the West Seneca Soccer Club to construct, with Soccer Club funds and at no cost to the town, a permanent, secure storage building on a site within the Soccer Park. The location within the park shall be subject to the approval of the Highway Superintendent and Building and Grounds Foreman.

Prior to construction the Soccer Club will be required to execute a lease agreement with the town. Said agreement, subject to the Town Attorney and Town Boards approval, may be prepared by the club's legal representative. The construction of the storage building is subject to all applicable town codes, inspections and permits.
