

Motion by Supervisor Meegan, seconded by Councilman Hart, to suspend the rules to allow baseball representative Kevin Chodkowski to speak on the use of Firemen's Park for possible fundraising purposes and possible future opportunities for Firemen's Park and boy's baseball.

Motion Carried

Kevin Chodkowski, President of West Seneca Baseball, stated he would like to see the baseball program condensed into one facility. The projected plan involved the addition of four ball diamonds at Firemen's Park - three 60' - 70' combination diamonds and a featured 90' diamond. Also included in the design is a concession stand with bathrooms, a new monument honoring the volunteer firemen and a walking path. The diamonds will eventually be enclosed with fences and lights and parking will be increased to accommodate the additional fields.

Councilman Hart questioned how the project will be funded.

Mr. Chodkowski responded that money will be acquired through fundraising and corporate sponsors. The projected cost is \$500,000 and they anticipate raising this over a two or three year period.

Town Engineer Steven Tanner stated that over the past 8 to 10 months the Engineering Department has surveyed the fields for existing conditions, property boundaries and topographic surveys. Overlays were designed using auto cad to project how many baseball fields will fit. They also looked into buying land from the adjoining parcel, but he did not believe that was possible. The Engineering Department prepared a draft grading plan that can be utilized for a "bid ready" drawing if the town decides to move forward.

Highway Sup't. Matthew English stated that he has met with various departments and believes this is a good plan. The project will involve a lot of work but will be good for the town.

Town Attorney Shawn Martin commented on the importance of providing the public with information on the project and fundraising events by utilizing web sites and social media. He suggested a motion be made reflecting the Town Board's seal of approval supporting the plan as indicated, depending on land acquisitions, but reflecting the willingness of the Town Board to support the project as a concept.

Supervisor Meegan commented that fundraising will be able to take place at Firemen's Park if the event does not include a beer tent.

Councilman Hart questioned who will maintain the diamonds once developed and Mr. English stated that the diamonds will be maintained in the same fashion as Sunshine Park's diamonds utilizing both full and part-time town staff.

Motion by Councilman Hart, seconded by Councilman Rusinski, to approve the concept based on future plans to allow the Youth Baseball Association to go forward with fundraising, and in the future based on Town Board approval, construction of ball diamonds.

Motion by Supervisor Meegan, seconded by Councilman Rusinski, to approve the request of Southtowns Fitness Center to hold their 4<sup>th</sup> annual SFC Race for a Cause on Friday, April 27, 2012 beginning at 6:30 P.M.

On the question, Councilman Hart questioned what the cause was and whether or not the town provides any security for this event.

Chief Gehen responded that his department has provided officers to block off intersections for this event for the past four years. The cause differs each year, the event has been well planned, and there has never been a problem.

2. Supervisor Meegan re Creation of Recreation Leader position  
Motion by Supervisor Meegan, seconded by Councilman Hart, to create the position of Recreation Leader (Competitive) and authorize the Supervisor to complete and sign the necessary forms for Erie County Personnel.

On the question, Councilman Hart questioned the salary for this position.

Supervisor Meegan stated that a salary has yet to be established. The title has to first be brought into the town's inventory and then discussions will take place with the department head, union representatives and Erie County. After interviews are conducted a provisional appointment will be made. Supervisor Meegan further commented that when the consolidation of senior services, recreation and youth took place it was an opportunity for Mary Josefiak, Director of Senior Services, Recreation and Youth, to enhance services along with eliminating services that were no longer working, always keeping in mind that she would need additional help in the future.

**7-C COMMUNICATIONS**

2. (continued)

Mrs. Josefiak commented on the need for additional staffing in her department. Prior to the combining of senior services with recreation, the Recreation Department was combined with the Youth Bureau. Some positions have been eliminated, however her current staff is accounted for and she cannot do it alone. Having an assistant will allow programs to expand and move forward. There are approximately 75 programs that are considered special events such as dances, tournaments, sign-ups at recreation, parties & scheduling of sporting events for the ice rink and ball diamonds.

Councilman Rusinski stated that he is not comfortable creating a new position at this time based on the information he currently has. He will be meeting with Mrs. Josefiak next Monday to become better informed on this issue.

Supervisor Meegan advised that the Assembly had not yet approved the reappropriation of funds.

**SEWER PUBLIC HEARING AND BONDING**

Beverly Leising questioned why the public hearing on March 26<sup>th</sup> regarding sewer improvements was scheduled for 5:00 P.M. She felt it would have been more effective if it were scheduled at a later time.

**ISSUES OF THE PUBLIC**

**SEWER PUBLIC HEARING AND BONDING** (continued)

Supervisor Meegan stated that the meeting was held at 5:00 P.M. because it was a scheduled work session and it was published for weeks in advance.

Mrs. Leising complimented Town Clerk Jacqueline Felser on her efforts in publishing the meeting. She further questioned if an approval is necessary for a bond issue or if a public meeting fulfills the requirement.

Town Attorney Shawn Martin responded that as the project is currently written it only requires Town Board approval. There is no overlay district or any district being merged or created; and therefore, it is not subject to a mandatory referendum. There are a number of different ways to schedule a project and if the intention is to create an overlay district or merge existing districts it would be subject to a referendum. Simply making an improvement within an existing district does not require a referendum.

Mrs. Leising suggested that clarification of this be posted on the website. She further questioned who will be operating the cameras that will be used in the sewers.

Town Engineer Steven Tanner responded that town employees will operate the cameras and they are qualified to do so.

**STATUS OF RFP FOR AMBULANCE SERVICE**

Beverly Leising questioned the status of the request for proposals for an ambulance service.

Supervisor Meegan responded that the request for proposals had just been sent out and they had not yet received any back. All proposals will be made public when returned.

Mrs. Carpenter questioned if it was ever determined what happened to the original grant and Supervisor Meegan advised that it was made public that Senator Stachowski had pulled the grant prior to leaving office.

Councilman Hart stated that he talked to Senator Stachowski and he was not aware that the grant had been pulled.

**HIGHWAY SAVINGS**

Amy Carpenter questioned the savings in the Highway Department from the mild winter.

Highway Supt. Matthew English responded that he orders 8000 ton of salt each year and they have to buy 70 percent of that. He estimated \$120,000 savings on salt but did not have any figures on the overtime saved.

**MEETING WITH SCHOOL DISTRICT**

Amy Carpenter questioned if a date has been scheduled to meet with the School District.

Supervisor Meegan stated that a meeting will take place with Dr. Crawford sometime in the next couple weeks to discuss the peer counseling program.
