February 3, 2014

Honorable Town Board  
Town of West Seneca

Honorable Board Members,

As part of the Town of West Seneca's ongoing Order on Consent with the New York State Department of Environmental Conservation, we are proposing to rehabilitate the existing sewer mains by way of the Phase 4 Sewer Rehabilitation Project.

We would like to complete a smoke testing investigation and report in order to determine the conditions of the sewer mains and service laterals, and to identify sources of non-sanitary sewage contribution within the project area. We have obtained three (3) separate quotes for this work (see attached). Please note smoke testing was previously completed for Phases 1, 2, & 3 Sewer Rehabilitation Projects.

Sewer Specialty Services Company, Inc. has provided a proposal to complete the work for \$0.32 per linear foot of sewer main, for an estimated total of \$32,000 (based on an estimated footage of 100,000 linear feet). The final amount shall be based on actual footage of sewers smoke tested. Funding for this work is budgeted under the \$30M capital sewer project.

Please authorize Sewer Specialty Services Company, Inc. to perform the smoke testing work included in the attached proposal.

Feel free to contact me if you have any questions.

Very truly yours,

A handwritten signature in black ink that reads "Jason A. Foote".

Jason A. Foote, P.E.  
Town Engineer

Dear Mr. Kalkowsky:

We are pleased to submit our quote for the above referenced project.

State Pipe Services, Inc. will provide supervision, crew, sewer jet, notification of residents, fire company & police, typed report of conditions observed, smoke bombs, blowers, sand bags, plugs, and all miscellaneous safety equipment needed to complete this project.

Our price for the smoke testing of approximately 100,000 LF of 8" - 24" sanitary sewer is \$0.39 per LF.

Thank you for the opportunity to quote on this project. If you have any questions or require any additional information, please do not hesitate to contact our office.

Sincerely,

*Dave Burns*

**Subject:** Smoke Testing

Mike,

I don't know if Jason has gotten to you about this yet, but we are seeking estimates for smoke testing for our Phase 4 sewer project. Attached is Phase4Smoke.pdf that outlines the sewers we need smoke tested. If you've got questions I can answer them.
