MEMO

To: Honorable Town Board
From: Justice Dale J. McCabe & Justice Jeffrey M. Harrington
Date: February 12, 2015
Subject: Requesting Computer Server

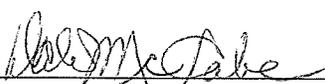

Dear Honorable Town Board Members:

Enclosed are three estimates for the Town Boards review regarding the new computer server the court needs to purchase and install before July 15, 2015. The replacement of the equipment is required due to the fact the Microsoft will no longer support our current server system (Windows Server 2003).

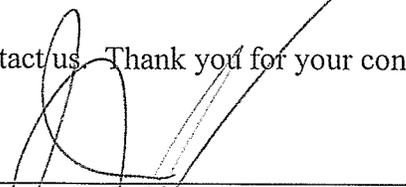

From the three attached estimates this office would request I-Evolve Technology Services to be granted the contract for the purchase and installation of the new server. I-Evolves knowledge of our needs and what the state demands our system to handle including interfacing, software, firewalls along with their knowledge of the infrastructure of the Town and West Seneca Police systems will save us both time and money. I-Evolve has on several occasions dealt directly with the New York State Office of Court Administration technology department regarding the mandatory requirements for the court server and equipment. The proposal submitted by I-Evolve is the best fit for the courts needs and budget.

A portion of this equipment will be covered by the JCAP granted received from New York State. The remaining balance will be taken out of the Justice Court line for computer software (1.1110.0216).

Should you have any questions please feel free to contact us. Thank you for your consideration.

Dale J. McCabe
Town Justice
