Re: Award of Contract – Ice Rink Flooring Contract

Honorable Board Members,

Four bids for the Ice Rink Flooring Project were opened today. Attached is a tabulation of the bid results. The low bid of \$135,680 was submitted by Ice Builders, Inc. from Liverpool New York. We have reviewed their bid with them and are comfortable with their bid. We recommend awarding this work to them. The funding for this project will be from State grant funding. The town will have to pay for the work from the general fund initially, as the grant funding is reimbursement based.

Very truly yours,

Steven R. Tanner, P.E.
Town Engineer
