# Residential Back-up Generator Installations

**Town of West Seneca**  
**Building & Plumbing Department**  
**1250 Union Road**  
**West Seneca, NY 14224**  
**Phone: 716-558-3242**

## General Information

Generic Generator diagram for Reference Only

### Overview

The Town of West Seneca requires an application, fee, and 3<sup>rd</sup> party electrical inspection for the installation of any residential back-up generator system.

### Code Compliance Items

- The location of the generator must comply with all local and state zoning ordinances.
- Determine lot zoning and required lot setbacks to ensure proper placement.
- A drawing or sketch is required which depicts the exact location of the generator.
- The exhaust vent must comply with all local and state codes.
- After installation, an electrical inspection by an outside 3<sup>rd</sup> party consultant must be completed.

*The application is filled out in the Building & Plumbing Department Office. There is a \$15.00 permit fee which is due at time of application. The Town of West Seneca accepts both personnel checks and credit cards.*
