Honorable Town Board
Town of West Seneca

**Re: 36" Sanitary Sewer
SEQRA Lead Agency**

Honorable Board Members,

Pursuant to the State Environmental Quality Review Act (SEQRA), a Lead Agency must be established to coordinate information.

The Town of West Seneca expressed interest in designating itself as Lead Agent for the referenced project and a Request for Lead Agency was submitted to all involved and/or interested parties. Those parties have agreed that the Town of West Seneca Town Board be the Lead Agent for this project

Therefore, it would be advisable for the Board to designate itself, in a formal resolution, that it be the Lead Agency for the 36 inch Sewer Install Project.

Very truly yours,

Steven R. Tanner

Steven Tanner, P.E.
