Dear Neighbor,

As you are probably aware, October is National Breast Cancer Awareness month. Every year, many Western New Yorkers have their lives, or those of family and friends, touched by this terrible disease. We are no different. In November of this year, I will have new siding installed on my home. The installation is scheduled to take place from November 1-7, 2015. With that in mind, we thought this would be a great opportunity to raise awareness in our neighborhood and town. Therefore, we plan to paint our house pink for the month of October. Our plan is to place a sign in the front yard which will feature the name of someone special who has been affected by breast cancer in our community. The name will be changed every day. The sign will be approximately three (3) feet by five (5) feet, which is larger than normally allowed by the town for a residence. We are not raising money, and we are not asking for anything from you other than your consent to place this sign in our yard for the month of October only. If you know someone who has been affected by breast cancer, and would like to have their name on the sign, we would be happy to put it there for you.
