**REPAVING OF BEECHWOOD DRIVE AND MILL ROAD**

Beverly Leising questioned if Beechwood Drive is on the schedule to be repaved this spring.

Highway Superintendent Matthew English stated he understood the Engineering Department plans to do Beechwood Drive this spring and when it is complete his department will mill and pave Mill Road.

Mr. English responded that sidewalks will not be part of the project and Code Enforcement Officer John Gullo added that sidewalks are only required with newly constructed subdivisions.

Johanna Guenther requested clarification on what milling is.

Mr. English explained the milling process as a machine that grinds up the road, transfers it into one of several waiting trucks which then drives it away to be recycled for other projects. There is a machine that grinds the blacktop for reuse on the road, but this is not a favored process.

**STATUS OF ADA COMPLIANT RESTROOMS**

Johanna Guenther questioned the status of the new bathrooms. Supervisor Meegan responded the construction company plans to do the downstairs restroom first followed by both upstairs restrooms.
