Re: 5303 Seneca St

Pursuant to Chapter 67 of the Code of the Town of West Seneca and Section 108 of the Property Maintenance Code of New York State. The above captioned premise was inspected by the Town Engineer and myself.

It has been determined that the house along with the unattached garage is in an unsafe condition. You have 15 days from the date of this mailing to make the necessary repairs in order to make the building safe and secure. Failure to do so will result in a Town Board Hearing on September 27, 2012.

As a result of the hearing the Town my chose to make safe and secure the structures or order it demolished. In either case the cost will be assessed against the land on which the buildings are located.

A copy of this inspection report is attached for you information.

Sincerely,

John Gullo, Code Enforcement Officer
