- A. **Title:** All paid elected and appointed officials (who are active members of the Retirement System) must be listed. For the purpose of the regulation, an "appointed official" is someone who is appointed by an elected official, an appointed official or governing board. They hold an office in an organization or government and participate in the exercise of authority. This also includes appointees of elected and appointed officials such as deputies, assistants or confidential secretaries.
- B. **Standard Work Day:** The minimum number of hours that can be established for a standard work day (SWD) is **six**, while the maximum is **eight**. A SWD is the denominator to be used for the days worked calculation; it is not necessarily always the number of hours a person works. For example, if a board member only attends one three-hour board meeting per month, you must still establish a SWD between six and eight hours as the denominator for their record of activities (ROA) calculation.
- C. **Name:** The official's complete first and last name must be included for identification purposes.
- D. **Social Security Number:** The last four digits of the official's Social Security Number must be included for identification purposes. For security purposes, the last four digits of the Social Security Number can be omitted from the publicly posted version.
- E. **Registration Number:** The official's Registration Number must be included for identification purposes. For security purposes, the Registration Number can be omitted from the publicly posted version.
- F. **Tier 1:** If the official is a Tier 1 member, this box should be checked. Tier 1 members are not required to keep a ROA.
- G. **Current Term Begin & End Dates:** All officials listed on the Resolution must have a specified Term End date. Leaving this column blank or listing 'Tenure/At Pleasure' is not acceptable. If the official does not have a designated term, the current term for the official who appointed them to the position should be used. If they are appointed by the governing board, the chairman of the board's term should be used.
- H. **Participates in the Employer's Time Keeping System:** If the official is paid hourly or participates in the employer's time keeping system, Yes must be listed in this column. These officials are not required to keep a sample ROA and the Record of Activities Result column must be left blank. If the official is not paid hourly or does not participate in the employer's time keeping system, No must be listed in this column. Elected officials who are paid a salary and are not subject to an accrual system typically fall into this category. These officials are required to keep a sample three-month ROA, regardless of whether they are being reported by another employer for the same period, and the Record of Activities Result column must list the average number of days worked per month as calculated using the sample three-month ROA.
- I. **Record of Activities Result*:** This column should only be completed for officials who are not paid hourly or do not participate in the employer's time keeping system and are required to keep a sample three-month ROA. This column must be left blank if an official does not submit their required sample three-month ROA. To determine the average number of days worked per month, you must divide the total number of hours documented on the three-month ROA by three months to get a one-month average number of hours worked. Then, the one-month average number of hours worked must be divided by the SWD to get the average number of days worked per month.
- J. **Not Submitted:** This column must be checked if an official does not participate in the time keeping system and has not submitted the required sample three-month ROA within the 150 day requirement, regardless of whether they are being reported by another employer for the same period. If the Retirement System receives such a Resolution, it will contact the official to notify them of the consequences of not submitting the ROA.

Once passed, the Resolution must be posted on your public website for a minimum of 30 days or, if a website isn't available to the public, on the official sign-board or at the main entrance to the clerk's office. A certified copy of the Resolution and Affidavit of Posting must be filed with the Office of the State Comptroller within 45 days of the adoption. The Resolution and Affidavit can be submitted online via the Elected and Appointed Officials Reporting (EAOR) program.

*To determine the number of days worked to include on the monthly report for the various payroll frequencies, please refer to the Calculating Days Worked instructions available in the 'Reporting Elected & Appointed Officials' section of our website: http://www.osc.state.nv.us/retire/employers/elected_appointed_officials/index.php

Minimum Control Measure 6. Stormwater Management for Municipal Operations

The information in this section is being reported (check one):

- On behalf of an individual MS4
- On behalf of a coalition

How many MS4s contributed to this report?

1. Choose/list each municipal operation/facility that contributes or may potentially contribute Pollutants of Concern to the MS4 system. For each operation/facility indicate whether the operation/facility has been addressed in the MS4's/Coalition's Stormwater Management Program(SWMP) Plan and whether a self-assessment has been performed during the reporting period. A self-assessment is performed to: 1) determine the sources of pollutants potentially generated by the permittee's operations and facilities; 2) evaluate the effectiveness of existing programs and 3) identify the municipal operations and facilities that will be addressed by the pollution prevention and good housekeeping program, if it's not done already.
