Chairperson -

Call to order

Fire safety notification

Members present - R. Ball, Paul Lang, F. D'Amico, D. Schultz, S. Accurso

Members absent - J. Pace,

Member resigned - J. Pfeiffer

May 5th minutes read.

Old Business -

G. Dickson will run approval of simple forms past the engineering and legal department to understand the ramifications of what the Commission does, as we need someone for investigators. Also will the investigators get a stipend?

With the grant we will determine our criteria, and we need to form and submit a budget, also need a sub committee, training sessions which we will need approximately 6 hours each for rules, standards, decisions, etc.

A motion was made to appoint Paul Lang as a contact and arrange training sessions regarding historic criteria, motion passed.

A grant in favor of \$22,000.

A criteria needs to be established on what properties need to be evaluated.

D. Schultz has volunteered to look at properties. A budget should be for both positions, ex. a person to handle permits and a person that will look at buildings, homes, etc.

Meeting adjourned.

Respectfully Submitted,

Shirley Accurso
