PUBLIC COMMENTS

Courtney Fallon, Treehaven Road, referred to Communications Item No. 10, Summer employee bonus:

- ✓ Requested the Town Board not to approve the item and in her opinion the bonus should be higher for water safety instructors
- ✓ Recommended terms to better accommodate pool staff, specifically college students
- ✓ Qualification 4.d in her opinion does not accommodate employees' scheduling challenges, for example, summer school

Mary Jane Held, 1442 Orchard Park Road, referred to the proposed project at 1425 Orchard Park Road:

- ✓ Is opposed to the project and suggested a dog park instead – Supervisor Dickson stated the town is reviewing adding a dog park and NYS is planning to add sidewalks along Orchard Park Road.
- ✓ Is concerned about additional traffic

TABLED ITEM

1. Code Enforcement re Request for special use permit – 1850 Union Road

The item remained tabled.

OLD BUSINESS

1. Code Enforcement re Rezone & Special Use Permit – 1425 Orchard Park Road

Code Enforcement Officer Schieber stated the following information has been received:

- ✓ Fully coordinated SEQR
- ✓ SHPO clearance regarding a full investigation of the archeologically sensitive area near cemetery
- ✓ NYSDOT have no objections to the traffic generated by the project

Town Engineer Foote stated the lining of the trunk sewers is reducing overflow occurrences.

Councilmember Breidenstein questioned Mr. Foote on the completion date of the Phase 8 project. Mr. Foote stated he anticipates the project will be completed this summer noting the lining will be completed this spring.

Councilmember Piekarec stated he is in favor of the project and noted he does not agree with the Town Board having tabled the project last year.

Councilmember Kims stated in her opinion it was prudent of the town to address the downstream sewer problems before approving the project.

Motion by Supervisor Dickson, seconded by Councilmember Breidenstein, to approve the request for rezoning and special use permit for property located at 1425 Orchard Park Road, changing its classification from C- 1 and R-75 to C-1(S) for construction of a multi-unit residential development.

On the question, Councilmember Breidenstein recognized the Engineering Departments efforts to clear the sewer lines and acknowledged the concerns of residents whose basements have flooded on a routine basis. Furthermore, Councilmember Breidenstein stated that sometimes government takes time, however we have a responsibility to the residents and developers to get it right.

Supervisor Dickson further advised there is a playground for children at the school and would support a town shared playground for the neighborhood.

Motion Carried

Motion by Supervisor Dickson, seconded by Councilmember Piekarec, to adopt the following resolution:

WHEREAS, the Town Board of the Town of West Seneca, as lead agency acting pursuant to the State Environmental Quality Review Act, Article 8 of the New York State Environmental Conservation Law, has reviewed Part I of the Short Environmental Assessment Form ("EAF") prepared by the applicant for property located at 1425 Orchard Park Road ("Subject Property"), for construction of a new 30 unit multi-family residential development and associated site work and parking (the "Project"), and reviewed the draft completed Part II and Part III of the EAF analyzing the potential for the Project to result in any significant adverse environmental impacts and has otherwise taken a hard look at the identified potential environmental impacts utilizing the criteria specified in 6 NYCRR 617.7(c); and

WHEREAS, the Erie County Division of Planning, after carefully and fully reviewing a description of the proposed project, along with the application and other documents as submitted to the Town of West Seneca, replied in writing that the project was to be of local concern; and

WHEREAS, the Town Board held a public hearing which was properly noticed to the public wherein the project was discussed; and

WHEREAS, the Town Board herein determines that it shall act as lead agency for such purposes and there has been no opposition thereto by any other interested agency; and

WHEREAS, the Town Board, carefully and fully reviewed the application including the following documents submitted by the applicant and other interested entities: Response from DEC, SHPO, NYSDOT, Army Corp of Engineers, and the reports of Powers Archaeology, LLC; and

WHEREAS, the Town Board, upon taking an independent hard look and reasoned evaluation of all of the above-referenced information, comments and written documentation with regard to the project;

WHEREAS, upon review of Parts I, II, and III of the EAF and documentation and plans submitted by the applicant in connection with the review of the Project, the Town Board has not identified any potentially significant adverse environmental impacts associated with the proposed use of the Subject Property, has determined that this is an unlisted action and preparation of a Full Environmental Impact Statement is not necessary and that the issuance of a Negative Declaration is therefore appropriate; now, therefore, be it

RESOLVED that pursuant to 6 NYCRR 617.7(a) the Town Board hereby accepts its designation as lead agency and does hereby adopt a Negative Declaration with respect to the Project based on its determination that the Project will not result in any potentially significant adverse environmental impacts.

2. Code Enforcement re Rezone & Special Use Permit – 2544 Clinton Street

Mr. Schieber stated the applicant has provided the following:

- ✓ Adjusted conceptual plan for the addition of parking spaces
- ✓ Information and schematics for the existing mansion building to temporarily house residents in the event of emergencies
- ✓ Cover letter

Town Attorney Trapp stated he sent letters to the Seneca Nation and received no response which can be interpreted as agreement with SHPO. The West Seneca Central School District indicated that they have sufficient capacity for the program. The SEQR documents are in front of the Town Board and a full EAF for the site was completed.

Supervisor Dickson stated he received a letter from the West Seneca Superintendent indicating her full support of the project.

Councilmember Breidenstein addressed the concerns he expressed about the project:

- ✓ Lack of a response from Seneca Nation – Councilmember Breidenstein’s own correspondence went unanswered
- ✓ Parking spaces – Questioned the number of handicapped spaces required in the town code. Mr. Schieber stated the number is determined by the overall quantity of the site and 2-3 handicapped spaces are required per 100; the applicant exceeds this amount.

- ✓ Sidewalks – NYS has indicated sidewalks will not be added to Clinton Street and questioned if sidewalks have been added by the developer. Mr. Schieber referred to the drawing and stated sidewalks are included in the interior of the development. Additionally, NYS requested the development carry the sidewalk out of the property west on Clinton Street up to the bridge area.
- ✓ Did not see elevators or lifts in the plans of the 3-story buildings and questioned how individuals with mobility issues will be accommodated – Mr. Schieber stated the applicant will address the question.
- ✓ Concerned that the dumpster site is inadequate for the property – Supervisor Dickson stated he understands the Planning Board can review and recommend changes or additions.
- ✓ How many electric car charging stations will be installed accommodated – Mr. Schieber stated the applicant will address the question.
- ✓ Is the entire parcel being rezoned – Mr. Schieber stated the entire parcel and noted the remainder is not suitable for development.

Councilmember Piekarec questioned if the current M-1 zoning allows manufacturing businesses. Mr. Schieber confirmed this. Councilmember Piekarec questioned if the town requires any new projects to include electric car charging stations. Mr. Schieber stated the requirement is not in the town code but is regularly discussed at the Planning Board meetings. Councilmember Piekarec stated in his opinion most of the residents will have gasoline powered vehicles.

Dan Brock of LaBella Associates made the following comments:

- ✓ Handicap parking spaces were addressed
- ✓ ADA compliant units are located on the ground floors of buildings and the plans meet all NYS requirements
- ✓ Dumpsters are for garbage overflow, each unit will have a tote – Councilmember Breidenstein questioned what party will be responsible for garbage collection and mentioned a concern with the garbage generated by parties moving in and out of the development. Mr. Brock understands it will be the developer's responsibility and will investigate the particulars of collection.
- ✓ NYS guidelines require a certain number of electric vehicle charging stations and the plans accommodate 5 stations

Councilmember Piekarec asked if the sidewalks are ADA compliant along the length of the property. Mr. Brock confirmed the development must be ADA compliant. Councilmember Piekarec asked if the community mansion can accommodate all residents. Mr. Brock stated that there will be enough room to accommodate 200 people and noted there are office spaces that will be on a generator and can accommodate additional people.

Councilmember Robertson asked which power company will service the development. Mr. Brock stated NYSEG will supply electricity. Councilmember Robertson stated he does not believe the location is right for an all-electric community and added the condition that the applicant must provide the development plans to NYSEG for the utility company's review and approval. NYSEG's report will be submitted to the town.

Councilmember Piekarec asked Mr. Schieber and Mr. Foote if the applicant is required as a part of the site plan process to obtain approval from the electric company for hook-ups. Mr. Schieber stated in this instance, he will reach out to his contacts to facilitate this request.

Councilmember Breidenstein questioned if school buses will be able to navigate the site. Mr. Brock stated buses are generally provided with a central loop and accessible areas for the students.

Motion by Supervisor Dickson, seconded by Councilmember Piekarec, to approve the request for rezoning and special use permit for property located at 2544 Clinton Street changing its classification from M-1 to R-

50(S) for construction of multiple family dwelling with all related site improvements with the condition that the applicant contact NYSEG and receive approval for the electrical development and that the report will be sent to the Town Board and Planning Board.

5. Deputy Supervisor Greenan re Phase III Composting Program proposal

Deputy Supervisor Greenan stated the Phase III proposal would expand the West Seneca composting program by providing a 50% subsidized pickup service for 75 households. Supervisor Dickson stated the town and each household would each contribute \$6.50 per month for bi-weekly pickups for a total cost to the town of \$11,283 that would be paid from the Recycling Collection line noting the town is attempting to obtain a grant. Another option is to continue with the current program allowing 120 households to drop off their composting.

Supervisor Dickson asked if the town resumes recycling collection, could composting pickup be included. Highway Superintendent Adams stated food scrap pickup would require different equipment and is not part of the initial plans, but another option may be to add another location for residents to drop off their compost items.

Deputy Supervisor Greenan stated additional educational events will be included with both options.

Councilmember Piekarec stated he would support continuing with the current program with the possibility of adding another drop off location. Deputy Supervisor Greenan stated she will contact Farmers Pirates to obtain the cost to add another drop off location.

Motion by Supervisor Dickson, seconded by Councilmember Piekarec, to table the item pending additional information.

ISSUES OF THE PUBLIC

James Randolph, West Bihwood Drive, made the following comments and questions:

- ✓ What is the status on proposed updates to the Ethics Code – Supervisor Dickson stated a draft has been provided to the Town Board for review and a public hearing will be held.
- ✓ What are the duties of the Secretaries to the various boards –
Town Clerk Newton first referred to the Zoning Board of Appeals and Planning Board
 - Upon the receipt of an application it is processed for payment and copies of the application are reproduced for the committee; the agenda is prepared by the secretary based on the number of applications received and reviewed with Code Enforcement and Chairperson; letters are drafted for the notifications to applicants and/or neighbors as required; confirmation of the location and appropriate notifications are then submitted and filed with the County and/or the State as required, places a legal notice for the meeting with publication vendor, on the website and on the clerk's bulletin board; arranges for copies of the agendas, set up of the meeting room; attendance of the meeting and preparation of the draft of the minutes; final letter notifications to applicants of approvals or tabling notification; finalization of the agenda item documentation and the minutes are placed in final form in the minute book.
 - With regards to the other commissions (Ethics, Environmental, Historical and Recreation) the Chairperson prepares and forward the agenda to the secretary for posting on the website who then prepares copies of the agenda and other materials as requested, attends the meeting, prepares the minutes, and places the approved meeting minutes in the minutes books.
- ✓ Is a difference the Planning and Zoning Boards compared to other boards due to the larger involvement – Town Clerk Newton confirmed this is correct.
- ✓ In his opinion, based on the duties just provided, he feels that the stipend amounts could be increased. Supervisor Dickson confirmed that during the next budget session they will consider increasing the amounts.

Courtney Fallon, Treehaven Road, made the following comments and questions:

- ✓ Requested a change to the town pool safety plan to reduce the staffing requirements and increase capacity
- ✓ In her opinion, the town is overspending on unnecessary lifeguards
- ✓ In her opinion, the current program offerings are less than pre-pandemic offerings

Michael Smolen, Cresthaven Drive, stated in his opinion, NYS Public Health Law Rule 213, Quarantine and Isolation is tyranny and encouraged the Town Board to oppose this.

Robert J. Breidenstein

Dear Colleagues,

As promised, below is the proposed deer control program for West Seneca for the board's approval.

1. In a letter dated 12/20/2024 the DEC issued a DEC deer damage permit (DDP) effective 1/1/2025 through 12/31/2025 upon receipt of the attached Agreement to Conditions signed by the Supervisor.
2. The West Seneca Deer Control Program (DCP) will be managed by a coordinator appointed by the Town Board who is a DEC-licensed Nuisance Wildlife Control Operator (NWCO) with extensive experience controlling deer in West Seneca, Clarence, and other towns. Everyone participating in the West Seneca program will possess an active NWCO license and pass a background screening by the West Seneca Police Department.
3. The DCP will take place on town-owned property and on private property, with the owner's permission, in accordance with DEC regulations.
4. DCP activity will be fully coordinated with the West Seneca Police Department (as are current deer control activities currently underway on private property with their own DEC permits).
5. Mirroring the program in Clarence, the Town of West Seneca will pay \$50 for each deer taken as part of the DCP and pay the Buck and Doe Shop in Williamsville to process the deer (currently estimated at \$20 per deer). Meat from the Buck and Doe shop will be donated to the West Seneca Food Pantry.
6. The Town of West Seneca will pay for bait (corn and apples) and other equipment for the DCP, except that participants will supply their own firearms and crossbows, as appropriate. The Highway Superintendent has agreed to provide storage for bait.
7. Every effort will be made to keep the DCP from negatively impacting the residents of West Seneca, with safety as the top priority.
8. At the end of each season (which will run from mid-November to the end of March), the DCP coordinator will present a summary of the number of deer taken, the number of deer recommended to take in the following season, any security incidents, and other relevant information and suggestions.
9. Upon board approval, the attached signed permit will be sent to the DEC.
