Request of Mohit Kumar for a variance for property located 147 Leydecker Road to construct a two family dwelling with 76' frontage (85' frontage required)

Ms. Greenan stated the drawings Mr. Kumar provided do not show a garage and noted other two family dwellings along Leydecker Road have garages and questioned if the intent is to build a garage. Ms. Greenan further expressed concerns with neighbor complaints at a previous Zoning Board of Appeals meeting and where normal garage items would be stored by potential tenants. Mr. Kumar replied due to the width of the dwelling a garage is not able to be built; the architect advised against adding a garage as there would not be enough room. A storage shed will be built in the back of the property to house garage items.

Code Enforcement Office Doug Busse stated a garage is not required. Adequate parking is required outside of the front setback and is discussed during site plan review with Code Enforcement and the owner.

Ms. Hicks questioned the setback from the driveway to the neighboring property. Mr. Busse stated a driveway is only required to be 3' off the neighboring property line.
