Re: Award of Contract – Wastewater Systems Improvements – Plant 5 Flowmetering Project - Electrical

On Wednesday, April 20, 2022 at 2:00 p.m. local time, the Town of West Seneca received two (2) bids for the above referenced project. The bids were as follows: CIR Electrical Construction Corp. (Total Amount Lump Sum Bid \$357,000.00 + General Contingency Allowance \$20,000.00) and Frey Electric Construction (Total Lump Sum Bid Items \$311,000.00 + General Contingency Allowance - \$20,000.00).

We have reviewed the qualifications and experience of the low bidder for the above-referenced project, Frey Electric Construction Company, Inc., and have found they have performed similar work acceptably. We, therefore, recommend the Town Board to award the bid for the Wastewater System Improvements – Plant 5 Flowmetering Project to Frey Electric Construction Company, Inc., in the Total Bid Amount of \$331,000.00 (Total Lump Sum Bid Items – \$311,000.00 + General Contingency Allowance – 20,000.00), contingent upon the availability of project funding and review by the Town's legal counsel.

Very Truly yours,

Steven R. Tanner, P.E.
