Short Environmental Assessment Form Part 1 - Project Information

Instructions for Completing

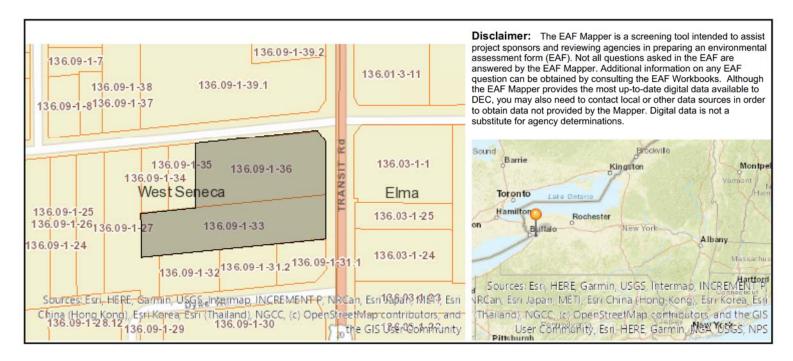

Part 1 – Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 – Project and Sponsor Information				
Name of Action or Project:				
The Springs at West Seneca				
Project Location (describe, and attach a location map):				
391 Schultz Road, 2852 Transit Road, West Seneca, NY 14224				
Brief Description of Proposed Action:				
This site development project consists of the construction of five 2-story, 10-unit apartment buildings and one 2-story, 5-unit apartment building (55 units total). Construction will also include a stormwater management system, utility improvements and a total of 130 parking spaces including 55 garage spaces. The project site is located on the south side of Schultz Road and the west side of Transit Road (NYS Route 78) in the Town of West Seneca. The site will be accessed by driveways from both Schultz Road and Transit Road. The project site consists of approximately 4.084 acres and is currently occupied by two single family homes, both of which will be demolished for this project. Existing residential homes are located west of the project site, multi-family apartments located north of the project site and commercial properties located south the project site. The site is currently zoned C-1 and R90A. The R90A potion of site will be rezoned to R50.

1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation?				
I COV. The standard of the control o				
may be affected in the municipality and proceed to Part 2. If no, continue to question 2.				
2. Does the proposed action require a permit, approval or funding from any other government Agency? NO YES				
If Yes, list agency(s) name and permit or approval:				
3. a. Total acreage of the site of the proposed action? 4.084 acres				
b. Total acreage to be physically disturbed?	4.084 acres			
c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?	4.084 acres			
4. Check all land uses that occur on, are adjoining or near the proposed action:				
	al 🚺 Residential (subur	·han)		
Forest Agriculture Aquatic Other(Spec	my):			
Parkland				

5.	Is th	he proposed action,	NO	YES	N/A
	a.	A permitted use under the zoning regulations?		V	
	b.	Consistent with the adopted comprehensive plan?		V	
6	In th	he proposed action consistent with the prodominant character of the existing built or natural landscape?		NO	YES
6.	15 U	he proposed action consistent with the predominant character of the existing built or natural landscape?			√
7.	Is tl	he site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?		NO	YES
If Y	es, i	dentify:		V	
8.	a.	Will the proposed action result in a substantial increase in traffic above present levels?		NO V	YES
	b.	Are public transportation services available at or near the site of the proposed action?		H	
	c.	Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action?			√
9.	Do	es the proposed action meet or exceed the state energy code requirements?		NO	YES
If t	he pr	oposed action will exceed requirements, describe design features and technologies:			
_					✓
_					
10.	Wil	If the proposed action connect to an existing public/private water supply?		NO	YES
		If No, describe method for providing potable water:		_	
				Ш	✓
11.	Wil	Il the proposed action connect to existing wastewater utilities?		NO	YES
		If No, describe method for providing wastewater treatment:			
					\checkmark
		Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district slisted on the National or State Register of Historic Places, or that has been determined by the	t	NO	YES
which is listed on the National or State Register of Historic Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the			V		
Sta	te Re	egister of Historic Places?			
arc		Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for logical sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?			√
13.		Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain		NO	YES
	wet	lands or other waterbodies regulated by a federal, state or local agency?			√
	b. V	Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?		V	
		dentify the wetland or waterbody and extent of alterations in square feet or acres: ds on project site			

14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:				
☐ Shoreline ☐ Forest ☐ Agricultural/grasslands ☐ Early mid-successional				
☐ Wetland ☐ Urban ☑ Suburban				
15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or	NO	YES		
Federal government as threatened or endangered?	\overline{V}			
16. Is the project site located in the 100-year flood plan?	NO	YES		
	V			
17. Will the proposed action create storm water discharge, either from point or non-point sources?	NO	YES		
If Yes,		\checkmark		
a. Will storm water discharges flow to adjacent properties?	V			
b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)? If Yes, briefly describe:		✓		
Stormwater runoff will be directed to existing NYSDOT and/or existing Town of West Seneca stormwater conveyance systems				
18. Does the proposed action include construction or other activities that would result in the impoundment of water	NO	YES		
or other liquids (e.g., retention pond, waste lagoon, dam)? If Yes, explain the purpose and size of the impoundment:				
Stormwater detention sized in accordance with NYSDEC & Town of West Seneca stormwater criteria		✓		
19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste	NO	YES		
management facility? If Yes, describe:				
		Ш		
20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or	NO	YES		
completed) for hazardous waste?	110	1 LS		
If Yes, describe:	✓
