

*§ 40-3 Term limits established for Town Supervisor and Council Members.*

The number of terms that a person can be elected to and serve in the same public office shall be limited to two consecutive terms of four years each, ~~regardless of whether said terms are served consecutively or nonconsecutively~~. If a person has already been elected to two consecutive four-year terms in that same public office prior to the November 2<sup>nd</sup> 2021, general election, they will be allowed to seek, be elected, and to serve one additional four-year term in that same public office. Terms of office in the same elected position which are not consecutive shall not be counted as part of this limitation.

*§ 40-4 Partial term in office.*

Nothing contained herein shall prohibit an elected public official in the Town of West Seneca from holding either an elected or appointed partial term in the same elected public office, prior to being elected to a full four-year term. That partial term shall not be counted for the purposes of term limitations imposed by this chapter.

*§ 40-4-1 State Action*

Any change in the term of office imposed by State law shall, however, not be considered a partial term and shall count as a full term of office.

*§ 40-5 Other elected Town offices.*

Nothing contained in this chapter shall prohibit an elected public office holder from seeking, being elected to, or holding a different elected public office for the Town of West Seneca **other** than the one for which they have reached the term limitations. For the purposes of this chapter, the elected offices of Town Supervisor and Town Council Member shall be considered as different elected public offices, each with a limit of two consecutive terms of four years each.
