Re: Option to Renew Agreement - Collection of Recyclables
Modern Recycling, Inc.

Pursuant to the Town's agreement with Modern Recycling, Inc., kindly authorize the Supervisor to execute the necessary documents to exercise the Town's option to continue its agreement for collection of recyclables for the final one-year term at a rate of \$44.51 per unit, per year.

Further, the number of units to be serviced, previously set at 16,500, will need to be confirmed by the Town's verified assessment records.
