RE: Dispatch Radio Antenna Replacement

Dear Honorable Town Board:

I respectfully request your approval for the replacement of our main police radio back-up antenna that links our dispatch center with the communications tower. The equipment is no longer functioning and if the main system fails, we will completely lose all radio communications. The cost of the repair is three thousand nine hundred nineteen dollars and sixty five cents, (\$3,919.65). The funds will be allocated from the 2020 budget through the Dispatch Equipment line 01312000.50211.

The repair work will be managed by FM Communications, Inc., who is the sole source provider of the needed equipment for the radio system.

Respectfully,

Daniel M. Denz  
Chief of Police
