Re: Disposal Capacity Contract

Dear Ms. Kobler,

Our current service contract with the Town of West Seneca for "*The Disposal of Non-Hazardous Solid Waste Generated within the Town of West Seneca*" which commenced August 1, 2018 provides for annual adjustments to reflect changes in Consumer Price Index - Water Sewer Trash (CPI-WST) for the immediate 12 months.

Using the most recent 12 months (July 2019 – June 2020) we calculate the increase effective August 2020 to be as follows:

Per ton disposal rate change (increase):	2.98%
Price per ton effective August (new):	\$42.14

Modern appreciates the partnership we have with the Town of West Seneca and look forward to assisting you in matters surrounding waste and recycling services.
